Annual Review Report 2018 presents the following statistical data:

- Product page – the main page of the journal, where the cover, description and supplementary materials are located.
- Content page – the archive, with issues and articles
- Clicks – the total number of times a specific website has been accessed. Page impression happens anytime a page is loaded through the browser.
- Unique clicks - an individual user who has accessed the site; determined by the IP address of a computer or device that was used for browsing. If a visitor uses the same device each time to access a website, only one unique visit is counted.
